March 1, 2011

United States Senator Mark Kirk
387 Russell Senate Office Building
Washington DC, 20510

Dear Senator Kirk:

As the Senate negotiates an agreement with the House on funding for the remainder of fiscal year 2011, we, the 49 undersigned organizations call for Department of Housing and Urban Development (HUD) programs to be funded at FY10 levels at a minimum, and 3 HUD programs must be funded at higher than FY10 levels to prevent households from being evicted from affordable housing:

- The tenant-based Housing Choice Voucher program requires more than \$900 million over FY10 levels for renewals.
- The project-based rental assistance program requires more than \$655 million over FY10 levels for renewals.
- The McKinney-Vento Homeless Assistance Grants requires more than \$190 million over FY10 levels.

If the cuts proposed by the House in H.R. 1 go forward they will:

- Eliminate HUD funding for Housing Counseling to assist families facing foreclosure.
- Cut the Community Development Fund from \$4.45 billion to \$1.5 billion. The vast majority of this spending goes to Community Development Block Grants (CDBG).
- Cut Community Service Block Grants, which funds Community Action Agencies, by 46%.
- Cut the Low Income Home Energy Assistance Program by 66%.

The federal government does have to get the budget deficit under control and eventually reduce it, but there are ways to do without harming the people with the fewest resources, such as letting tax cuts for the wealthiest Americans expire after 2012 and/or restructuring the mortgage interest deduction as credit targeted at low and moderate-income households.

In 2008, nearly 400,000 people in Illinois lived in HUD assisted units. The average household income was \$12,500 and 77% of these households have incomes at or below 30% of their area median income. Among the assisted households, wages are the main source of income for 26% of households. Only 4% have the majority of their income

come from TANF or other welfare assistance. The great majority, 64%, of households rely on other sources of income, such as retirement or disability income.

If you would like to discuss the issues raised in this letter, please contact Bob Palmer, Policy Director for Housing Action Illinois at 312-939-6074 x. 206 or bob@housingactionil.org.

Sincerely,

Lisa Tapper Pugliese, Executive Director, Affordable Housing Corporation of Lake County
